2. The most importance two things which are missing in students which SoD should focus on imbibing into students are
  - a. Process of design
  - b. Process of communication

Students should not be encouraged to do research on internet and take direct inspiration from internet. They should be directed towards and made understand the process of design which is – Research, User understanding, Ideation, Refinement and Making.

Students should have the ability tell the story of their design and design process. They have to be good communicators. This can be done through making them write an abstract for their each and every project and frequent feedback sessions.

3. Students of SoD should have three major qualities which is required in a designer.

4. The courses should go beyond the time slot given to the course. Students should imbibe habit of exploring the course beyond the time of the course.
5. SoD should collaborate with 10 industries which are there within the radius of 10km from WUD. This can give students exposure to real life design process and manufacturing. SoD also may benefit from this collaboration by getting live projects from these industries.

(b) *General Guidelines for Award of Grades are:*

- i. Evaluation of different components of a Course for each student shall be initially done in numerical marks.
- ii. The marks of different components viz., internal continuous assessment of course work, tasks, assignments, projects etc. and end term examinations shall be assigned relative weightage as prescribed in curriculum and scheme of examination of a programme and added. The total marks obtained shall be out of 100 and the same would be converted into grades on 10 point scale.
- iii. A Normal Class with a range of scores should be graded by a convenient method and should usually produce a fairly normal distribution of grades.
- iv. Grading will be done on raw score awarded by the evaluator in internal continuous assessment as well as in end term examination.
- v. The natural gaps in histogram drawn from raw scores will be identified and will be used as demarcation for the grades.
- vi. The Semester performance of a student will be indicated as "Semester Grade Point Average (SGPA). The SGPA will be weighted average of Grade Points of all letter grades received by a student for all the Courses in the semester. The formula for Computing SGPA is given below:

$$\text{SGPA} = \frac{U_1 G_1 + U_2 G_2 + U_3 G_3 + \dots}{U_1 + U_2 + U_3 + \dots}$$

Where U<sub>1</sub>, U<sub>2</sub>, U<sub>3</sub> denote credits associated with courses taken by the Student and G<sub>1</sub>, G<sub>2</sub>, G<sub>3</sub> are the Grade Point of the letter grades awarded in the respective Course. An example of these calculations is given below:

Course code	Associated Course Credits	Grade Award	Earned Credits	Grade Point	Point Secured
(1)	(2)	(3)	(4)	(5)	(4)x(5)= (6)
MSS101	5	C+	5	6	30

MCE1001	4	B+	4	8	32
<b>Total</b>	<b>24</b>		<b>20</b>		<b>135</b>

Total associated credits in the semester (total of column 2) = 24

Earned credits in the semester (total of column 4) = 20

Points secured in this semester (total of column 6) = 135

$$\text{SGPA} = \frac{\text{Points secured in the semester} \quad 135}{\text{Associated Credit Units in the Semester} \quad 24} = 5.62$$

CGPA is not applicable in first semester

Associated Credit Units in the semester (total of column 2) = 30

Earned Units in the semester (total of column 4) = 27

Cumulative associated credit Units (in previous semesters 24 and current semester 30) = 54.

Points Secured in II semester (total of column 6) = 202

Cumulative points secured (total of points secured in 1<sup>st</sup> semester 135 and in II semester 202) = 337

$$\text{SGPA} = \frac{\text{Points secured in II semester} \quad 202}{\text{Associated Credit Units of courses in II semester} \quad 30} = 6.73$$

$$\text{CGPA} = \frac{\text{Cumulative points secured in all passed course in I \& II Sem} \quad 337}{\text{Cumulative Associated Credit Units in I \& II semesters} \quad 54} = 6.24$$

- (c) Final Grade Card will indicate Cumulative Grade Point Average (CGPA) and shall be based only on Grade Points obtained in courses for which the student had registered.
- (d) Conversion from Grade Point Averages to percentages of marks do not have rigor or rationale. However, an approximate and indicative equivalence between CGPA and percentage of marks can be assessed by simple mathematical calculation i.e. CGPA multiplied by 10.
- (e) The successful candidates shall be placed in Divisions as below:

CGPA

8.5 and above  
6.5 but less than 8.50  
5.0 but less than 6.50

## COMPREHENSIVE PERFORMANCE EVALUATION SYSTEM (CPES)

World University of Design intends to achieve optimum performance in every walk of its functioning and faculty members are one of the major stakeholders in achieving our objectives. In order to maximize the potential of its faculty members, the university has introduced a Comprehensive Performance Evaluation System (CPES). CPES is a 360<sup>0</sup> performance evaluation system which involves self evaluation, student feedback and evaluation by the supervising officers. The broad categories in which faculty members are evaluated are - Teaching, Research, Service and other contributions.

The performance review of the faculty members is conducted on an annual basis. The table on the following pages provides a template for the evaluation roadmap. The faculty members will provide details of their teaching, research and service contributions in the academic year covering the review period by filling the information on the template and by completing the self-appraisal section of the performance appraisal form. In each broad category of teaching, research, service and other contributions, they will rate their own performance as per the guidelines provided. The concerned Dean will provide his/her evaluation taking into account the performance of the faculty member in comparison to their peers in the department and the school respectively.

### Evaluation Timeline:

**July 15:** Faculty members submit the annual performance data to the Dean for review

**July 25:** HOD/Dean submits his/her evaluation to the Vice Chancellor

**July 30:** Vice-chancellor approves/rejects the evaluations and communicates to the Registrar

**August 1 (tentative):** Registrar communicates the management's decision to the faculty members

01.06 To discuss the ATR of the last BOS meeting held on 3rd October 2022/ BoS Meeting no. 5.

## 1. MINUTES OF THE MEETING

~~02.01 Prof Anjan Chakravorty gave a detailed overview of the syllabus that the various specializations under the School of Communication follow. The Course Structures of each vertical, namely, B.Des Graphic Communication Design, B.Des Animation and Game Design, B.Des Film and Video Design and M.Des Communication Design had been shared with the experts prior to the meeting.~~

02.02 Prof Anjan Chakravorty opened the forum for discussion and invited the external experts to give their inputs on the pedagogy and share their feedback.

Mr Sagarmoy Paul was of the opinion that in a field like Communication, there are fast paced technological advancements happening , but the pedagogical approach should be based more on Storytelling, Visualizing and Creation. Softwares should be left to the students to explore and learn on their own. The focus should be more towards the basics in general.

Mr Vishwajyoti Ghosh added that the Challenge of AI is looming and Art colleges are still stuck in time. There has to be a lot of rethinking to be done, especially the software part. He suggested that the Unit of MS Office can be eliminated from the Foundation Course Structure completely.

Mr Vishwajyoti Ghosh enquired about the Elective system that the University follows, which was apprised by Prof Aparna Gwande.

### 02.03

- On the topic of Electives the experts were of the opinion that Liberal Arts is a necessity and is the only way a student can learn about different disciplines like Sociology, Economics, History etc. It is very important for a design student to have some knowledge of these disciplines to be able to understand the context and assess situations in a more holistic way. They both were of the opinion that Liberal Arts topics need to be introduced in the Foundation.
- After reviewing the Animation and Game Design Courses, Mr Vishwajyoti Ghosh suggested that the Animation Course must have some inputs of Graphic Design, mainly important topics such as Typography, must be included in the curriculum.

- Mr Sagarmoy Paul suggested that Strategy and Thinking should be introduced first for Animation and Game Design and other technical subjects should be taken up later. He suggested that storytelling be stressed upon as part of the learning besides exposure to different genres of films (classics, experimental, animations etc) through regular screenings and discussions.
- For Graphic Design, Mr Vishwajyoti Ghosh suggested that Printing and Publication courses should be swapped. Printing should come after publication. He also suggested that there should be 2-3 courses in Colour only which should deal with color in digital as well as analog mode.
- Mr Vishwajyoti Ghosh suggested that Semiotics and Information Design should be brought closer together and strengthened more with concepts focusing on Data Visualization.
- The experts suggested that Design for Social Impact should be renamed to advertising and should include topics such as SDG's. There can be one assignment based on SDG's in every semester across courses.
- They also observed that Design Thinking and Design Process is getting overlapped with respect to curriculum.
- For Film and Video, the experts suggested that courses need to be more consistent and cohesive. They also felt that the topic of Sound in film production should be enhanced more in the curriculum.
- It was suggested by the DEAN that from next academic year, MDes Course will have two tracks-
  - 1- M.Des in Visual Communication (Communication Design)
  - 2- M.Des in Visual Communication (Game Design)

The same was decided and approved by the experts and faculty panel as well.

2. ATR of previous BoS meeting. The experts felt that the changes and enhancements done on the curriculum is satisfactory and School of Communication is taking satisfactory measures to keep its pedagogy more and more industry ready and relevant.

The meeting ended with Dean Prof. Anjan Chakravorty, thanking the industry experts with their valuable suggestions and feedback. He also assured that the points raised would be incorporated in the curriculum to make it more relevant.

The meeting ended at 4:45 PM with the permission of the Chair.
